*Is there a supernatural dimension, a world beyond the one we know? Is there life after death? Do angels exist? Can our dreams contain messages from Heaven? Can we tap into ancient secrets of the supernatural? Are healing miracles real? Sid Roth has spent over 35 years researching the strange world of the supernatural. Join Sid for this edition of **It's Supernatural**.*

**SID:** Hello. Welcome to my world where it's natural supernatural. My guest is the first woman in 1400 years to go into a mosque, proclaim Jesus and see miracles. How did she get such favor? I want to know. Do you want to know? I want to know. And we're going to find out because anything she can do, you can do better. And I'm going to tell you something else. You are going to build on her shoulders as you learn these mysteries. Hello. Sid Roth here with Marilyn Hickey. And I have to tell you, an 81-year-old woman flies to Pakistan, has a couple-hundred thousand, mostly Muslims hear her proclaim Jesus, seeing miracles. How do you do it at 81, Marilyn Hickey?

**MARILYN:** Well let me tell you how and how everyone can do it.

**SID:** That's even better.

**MARILYN:** Yes. Faith in Jesus is the big key. Now people look at their age. God is not looking at your age. People look at their color. God is not interested in your color. People look at their gender. God is not interested in your gender. What He responds to is your faith in Jesus. So every Christian can do all things.

**SID:** And you know what? She almost missed what she's doing today, except she met a young man who started insisting that she move into areas of the spirit, and he started praying and fasting for her. Tell me about that.

**MARILYN:** Well we were engaged. And my fiancé said, "I'm not going to married a woman who's half-hearted for God." He said I served the devil with all my heart. And I was so insulted. I said, "Well I'm saved." He said, "But you're not committed, and I'm not going to marry you unless you have a commitment to the power of the Holy Spirit." So he said, "I'm on a three-day fast." I was so insulted. I was a school teacher, didn't sleep at night.

**SID:** And you were a nice Christian.

**MARILYN:** I was a nice Christian, but not too committed. And so he fasted and God dealt with me each night, because He had been dealing with me for a deeper walk for four years. And so the third night, the Lord said to me, "I'm not going to deal with you about this ever again." He said, "I'm going to show if you turn down the power of the Holy Spirit at this time," He said, "you're going to move to California. You're going to get your Master's degree. You're going to marry a Christian, have a happy." He said, "But I have something so wonderful for you, you cannot imagine." God's destiny for every one of you.

**SID:** And by the way, it's not just a nice story. God is speaking to you right now. So Marilyn did something that I wish I could have done. One of the greatest miracle ministries I ever read about,

short of in the Bible, but on the same level, was a man by the name of Branom. And Marilyn had a problem. The doctors said she couldn't have a child. So she goes to this meeting. How many people were at Branom's meeting?

**MARILYN:** Probably there were about 5000. It was in Dallas, Texas.

**SID:** And what happened?

**MARILYN:** Well I was 26. I had been married three years. They said that I could never have a child. I had an inherited condition. And he called me out of the audience. Well here I am on a platform facing this man and have the most unusual experience. I don't know how to describe it. But it was a like a wheel within a wheel, lower on the ground, and I could see it, and as it turned it went woosh-woosh. I could hear it. And this may is saying to me, "You're not from here. You're from Denver, Colorado. You're from a wooded area and you can't have a baby." Now I'm thinking, if I—

**SID:** He had never met you.

**MARILYN:** Never, ever.

**SID:** And he just pulls you right out of an audience.

**MARILYN:** Exactly.

**SID:** He could have been, how could he have known all those things?

**MARILYN:** It was the spirit of God. He said, "You can't have a baby." But he said, "Go home and receive your child." And the reason I'm telling you a wheel within a wheel, it came into my feet. And it wasn't until 10 years later I got pregnant. And I went to a doctor. I said, "I think I'm pregnant." He examined me. He said, "No, you're not pregnant. That's impossible." He said, "You're not pregnant. You're going through a change." So I went home and went through some more changes. And I went to another doctor. He said, "This is a 5-1/2 month pregnancy." And of course, you can see Sarah on my program.

**SID:** But they key, 10 years from that work, you see it's like the game of baseball. You don't have three strikes and you're out. You are only out if you quit swinging. You got it?

**MARILYN:** That's right.

**SID:** Okay, Marilyn, very quickly, people have had influences on your life. Kenneth Hagen taught the authority, the believer. Bill Gothard, what influence did he have on your life?

**MARILYN:** Kenneth Hagen, of course got me into the Word, and just soaked in the Word with faith and authority, taking authority against the enemy, walking the power of the Word. But Bill Gothard got me into meditating on the Word. So Joshua 1:8, for probably, what, almost 42 years, has been the theme of my life. It says, "If you meditate in the Word day and night, if you speak

the Word day and night, if you do the Word day and night you will make your own way prosperous and successful."

**SID:** Now happened to Bill Gothard when he meditated?

**MARILYN:** Well he was retarded, actually, and a Sunday school teacher.

**SID:** I didn't know that.

**MARILYN:** Yeah, he was retarded. They just pushed him from grade to grade. And in fourth grade, a Sunday school teacher began to have this boy's class memorize the Word, and he continued to do that, graduated valedictorian. And then he graduated from the University and so on.

**SID:** Wait until you find out all the things that God has taught this woman, and remember what I said. Anything Marilyn can do, you can do better. Be right back.

*We now return to **It's Supernatural**.*

**SID:** Hello. Sid here with Marilyn Hickey. And Marilyn, you have a statement that you have been saying for years. This is what she says: "I love Muslims and Muslims love me." But this is absolutely ridiculous. Tell me, I mean, because, number one, you're a woman. Number two, your age. Number three, you're not ashamed of the Gospel of Jesus. Number four, you go in miracles. Tell me about when you first went to Pakistan.

**MARILYN:** The first time I went to Pakistan was 1995, and I was frightened, I thought because everybody told me they'll shoot me. And the first night, though, I just taught the Bible on one miracle of Jesus, prayed for the sick and had dramatic miracles. It's his name. And nobody walked out. Nobody shot me.

**SID:** I can see that.

**MARILYN:** By the fourth night we had over 20,000 people. First night, 4000, last night, 20,000 people.

**SID:** You just got back from Pakistan. How many people did you have there?

**MARILYN:** 210,000.

**SID:** How do you preach the Gospel to 210,000 mostly Muslims? Now that is ridiculous favor. That's not just favor. That's ridiculous favor. I want to know how you have ridiculous favor. Don't you?

**MARILYN:** Well I believe the best miracles, that's the biggest meeting I ever had, I was 80 at that time I had that meeting, and I just turned 81 not too long ago. But what I began many years ago, is I prayed over the nations of the world, and I always had a warm feeling toward Pakistan, and then I had a warm feeling towards Sudan. And some of these Muslim countries, you realize one-fifth of the world's population is Muslim and how are they to know the Gospel if we don't go. Now here's what the love. They love healing miracles because in the Koran it says that Jesus heals. Well you got a bridge.

**SID:** Have you ever prayed for an imam who had been healed?

**MARILYN:** Oh yes. I have it on video.

**SID:** Tell me.

**MARILYN:** The second time I went to Pakistan, an Imam who was blind in one of his eyes received his sight and came and testified.

**SID:** You never forget Jesus when you're blind and you can see.

**MARILYN:** Right.

**SID:** Now you can't say that he was faking it. You can't even say it was psychosomatic. You can only say, God is real. That's what people say.

**MARILYN:** Right, exactly. So each time I would go, I've been six times, we would have big meetings in stadiums wherever I could have them, and pray for the sick, because you advertise and say, "Come and be healed."

**SID:** But what if no one is healed, Marilyn? You're in big trouble. That's the first thing.

**MARILYN:** You know what? The name of Jesus heals. All healing, all forgiveness of sin has been purchased for us. It's not my name. It's his name. That's why believers can lay hands on the sick and they will recover. This is for everyone.

**SID:** I want you, you talk about a word that I love, and I don't hear enough of that. It's called "expectation". What is expectation to you?

**MARILYN:** Expectation is putting your faith in what God says and proclaiming it, and then He manifests it. You believe it, you will see it.

**SID:** Yeah, but what you say to someone that says, I've been doing that for years, and I haven't seen it. So I just don't expect anything any more, so I won't be disappointed. What would you say to that woman?

**MARILYN:** I would say to that person, you're giving up too soon. Because people said to me, you can't do this. You're a woman. You're too old to do it. But God thinks you can do anything. Remember that. God thinks you can do anything. But your hand on your heart. Say, I believe.

**SID:** I believe.

**MARILYN:** God thinks.

**SID:** God thinks.

**MARILYN:** I can do anything.

**SID:** Anything.

**MARILYN:** So if God says it.

**SID:** God says it.

**MARILYN:** I believe it.

**SID:** I believe it. And that settles it. Alright. Okay. You ready? Do you believe that there are women watching right now that were where you were, medically can't have a child, they're married. That's the only catch. You have to be married.

**MARILYN:** Exactly.

**SID:** They have to be married. They're married and do you believe if you pray for them right now that no matter reason they can't have a child, they'll be able to no matter what?

**MARILYN:** Yes.

**SID:** Then do it.

**MARILYN:** And I want to say something. My anointing and faith in this is growing. People are having twins.

**SID:** Well go for it.

**MARILYN:** Go for it. Okay. Put your hand on your body if you're watching right now. Know that your Father loves you so much, and He promises that the barren will bear. So Father, in the name of Jesus, I send your wonderful word and to every barren woman who has her hand on her body, and your word cannot return void. Your word prospers and accomplishes in that which it's

sent to. So I thank you, that word now is coming into them, that word of faith. I thank you for babies that are healthy, that are not rebellious, that serve God all their lives, and even easy deliveries, in Jesus' name. Amen.

**SID:** You know, Marilyn, as you were praying that, and by the way, I absolutely expect to get so many reports of miracle babies. But I see people with arthritis in their fingers. If you will start bending your fingers right now you'll see that carpal tunnel, you're free in Yeshua's name. And some of that peace that is on Marilyn and myself, I just pray it go right through the video, right through the television right now, and you receive some of that. And when we come back I'm going to find out some more secrets. And I want to really find out how a woman, the first woman in history goes into a mosque, preaches Jesus, the miracles of Jesus and miracles take place. And by the way, that's not in the Middle East. That's in the United States. Be right back.

*We now return to **It's Supernatural**.*

**SID:** Can you imagine a woman speaking in a mosque about Jesus, Muslims present and miracles take place? How did you do that, Marilyn?

**MARILYN:** It's the favor of God, really, Psalms 5:12, because I wanted to have a healing meeting in a mosque and break this barrier. Because once you break it, a lot of other people, it has a domino effect. So I met an imam in Detroit, asked him about doing this. He said, "No, we would never do that." But then, you don't give up until you win. The game is not over until you win.

**SID:** You talk about, "I can". What do you mean by that?

**MARILYN:** I can do all things through Christ who strengthens me. You don't say, I can't, because everybody said you can't. It's never been done, it's not gonna happen with you. But it happened, because when I was getting ready to leave, and I wasn't discouraged, he said to me, the next time you're in Detroit, why don't you come to my house for dinner. Six months later I'm in Detroit. He said, "Now what is it you want to do?" I said, "I want to have a healing meeting in a mosque, and I want to pray for the sick and believe for the miraculous." He said, "We can do that."

**SID:** I want you to say, "I can do all things in Messiah Jesus." Do you hear that, devil? You're not saying it for anyone else's benefit but the devil, and we're to release the angels to even have a healing meeting and presentation of Jesus in a mosque. What happened?

**MARILYN:** Well I spoke, first time in history, and we had an agreement. I could teach the Bible. I taught one miracle of Jesus and then prayed for the sick.

**SID:** Was anyone healed?

**MARILYN:** Oh yes. We had people healed of back problems. The boy who opened the meeting who read from the Koran, couldn't see, they had no distance sight, and God healed him. A lot of people were healed, though it wasn't a big crowd. But afterwards, they always have refreshments, and they had like 11 imams and maybe a hundred people. And so I just decided to go from table to table, and they would say, would you pray for my family, would you pray for my back, would you pray, whatever, and pray for the sick. And then the imam invited me back. I prayed for him and his wife. They couldn't have babies. And now they have two.

**SID:** That's normal. I wish the whole world was normal like you, Marilyn. Now Marilyn, one thing I noticed is many people like you that operate in the miraculous, when you get sick, what happens? Like the time you discovered a lump in your breast, not someone else's.

**MARILYN:** Right. And that was many years ago. But I took that scripture, because you take the promise to the problem. You don't take the problem to God. Take the promise that goes with the problem because the promise doesn't return void. So it says, "The Word will be health to your flesh." And health in some places it says "medicine". So I thought, you know, you usually take medicine three times a day, but I got to get rid of this thing fast, because it was growing fast. So I stayed up for 24 hours and sent the Word into that lump. I said, this word, I read it out loud, "This Word is health to my flesh."

**SID:** Over the 24 hours, how often did you say that?

**MARILYN:** Okay, every hour. I did it for 24 times and it was gone. It was gone.

**SID:** I love it. I love being normal.

**MARILYN:** I do, too.

**SID:** Okay, Marilyn, I got a little confession to make. I find it difficult to memorize, and I think there's a few people watching that find it difficult to memorize. Tell us some tips on memory, and also, you told me something about what happens the last thing you look upon or speak about before you go to bed. Start with that.

**MARILYN:** Alright. Proverbs 6:22 says, "When you sleep the Word will keep you, when you wake up the Word will talk to you, and when you walk the Word will guide you." So three times a day I take a verse, you may want to take just one week, and I say that verse first thing in the morning, because it's not just you reading the Bible. The Bible starts reading you. And I speak that verse 10 times out loud. Now don't ask me why it's 10. I just know this works for me. Then at lunch time I speak that promise again, because the Word guides me in my day. But before I go to sleep I speak it because, this is what I read, that whatever you see last goes through your mind seven times through the night. So the Word is working in me while I'm sleeping.

**SID:** So what is the last thing that you see before you go to bed? I think you got the message. What if we put on our Twitter account and Facebook account one scripture every week, and all of us do it together. I think that would be just a phenomenal mentoring for us.

**MARILYN:** Oh yes. I would suggest John 8:12. It says, "Jesus said, 'I am the light of the world. He that follows me shall not walk in darkness, but have the light of life.'" So speak that when you get up in the morning. You're not going to have a dark day. Why? Because you're following Jesus, and he's the light for this life, as well as eternal life.

**SID:** I want you to pray for supernatural favor for our viewers right now.

**MARILYN:** Oh I love this. I love to do this. Every one of you are to have supernatural favor. Don't look at anything about yourself. Look at who he is, and you are in him. Father, I pray for everyone watching this program that Psalms 5:12 says, "You surround the righteous with favor like a shield." And we are the righteousness of God in Christ Jesus. It's his righteousness and we are surrounded with favor. Every place we go people love us. Every place we go we love them. We walk down an aisle in a store and we smile, Jesus, and people smile back at us because they know there is a favor around us in Jesus' name. Amen.

**SID:** There's not just a favor around us. The presence of God is around us.

**MARILYN:** Yes.

**SID:** And I tell you, if God is for you, who can be against you. I tell you, worry for nothing. I tell you that you have a peace that is beyond comprehension. I tell you, you can do exceedingly abundantly beyond anything, anything you've ever asked or thought, according to the power that dwells within you. I tell you all things are possible to those who believe. I tell you God loves you and has a destiny and a plan for your life, and Jesus is the only way to know God, only way.

[music]

**SID:** Next week on It's Supernatural. My next guest had a visitation from the Lord for three months, and he was downloaded revelation from the Word of God, so that all of the promises of God will be activated in your life, and it's wonderful. Superstars have it activated. But my Bible says we only have one superstar and his name is Jesus. I'm telling you, he is so charged and filled with new revelation that you will never, ever be the same.

[music]
